

# ANECHOX 223L

The AnechoX 223L DOMINATES AR-15 sound, recoil, and flash! The lightest, quietest, disassemblable, user-serviceable, flow-thru Titanium Suppressor ever made in this size! Designed for incredible performance on a .223 or the fastest 22 cal Swift/Nosler/Creed/Mag.

The AnechoX 223L is simply the best, lightest, quietest, lowest recoil, disassemblable, user-serviceable 22 cal Titanium Suppressor ever made!

All AnechoX suppressors use the unique X-Baffle Anechoic™ Chamber System with an interrupted central tube and are finished with Cerakote C Series high temperature thin film ceramic.

All AnechoX 223L suppressors are made of Grade 5 STA 1000 Titanium (basically the highest alloy Titanium in its strongest heat-treat condition) with Stainless 17-4 H900 (ditto for stainless) blast chambers and blast baffles to handle the extreme erosion, highest uncorking pressure, and temperature right at your firearm's muzzle.

<b>Materials</b>	Heat-Treated Grade 5 Titanium, Heat-Treated 17-4 Stainless Steel
