

ANECHOX35

The AnechoX 35 DOMINATES the competition! The ultimate can for the ultimate hunter in calibers to .338 Lapua and 35 caliber / 9mm.

The AnechoX 35 is the absolute state of the art and the pinnacle of performance for its weight, sound, and serviceability. Its flow-thru design virtually eliminates backpressure change, thus eliminating gas in your face when shooting full-auto and/or extreme rapid-fire on 5.56/.223.

All AnechoX suppressors are made of Grade 5 STA 1000 Titanium (the highest alloy Titanium in its strongest heat-treat condition) with Stainless 17-4 H900 blast chambers and blast baffles to handle the extreme erosion, uncorking pressure and temperature right at your firearm's muzzle.

All AnechoX suppressors use the unique X-Baffle Anechoic™ Chamber System with an interrupted central tube and are finished with Cerakote C Series high-temperature thin film ceramic.

Materials	Heat-Treated Grade 5 Titanium, Heat-Treated 17-4 Stainless Steel
Coating	Cerakote C Series high temperature thin film ceramic
Caliber	9mm, .357 Mag, .223, 5.56mm, 7.62/308, 30-06, 300 Mag, 338 Mag, 338 Lapua, 350 Mag
Full-Auto Rating	100 rnds 9mm, 50 rnds 5.56/223, 15 rnds 7.62/308. Rapid-fire: 20 rnds 7.62/.308, 8 rnds 300 Mag, 4 rnds 338 Lapua. Do not exceed 800° F

ANECHOX35

Weight	8.3 ounces, 9.1 ounces with 1/2"-28 Titanium DTA included
Length x Diameter	6.5" X 1.6", 6.6" with AnechoX DTA included. Adds 6.1" installed
